By means of these, news of every movement in our army is conveyed with great rapidity to Brigham Young. One of their number was taken prisoner to day in our own camp. Such a treasonable system of operations will never be endured, nor even countenanced, by any person possessed of the least spark of patriotism and love of constitutional liberty.

The President knew, if he knew the facts in the case, as he was duty bound to do before taking action, that the officials hitherto sent here had been invariably received and treated with all the respect their offices demanded, and that a portion of them had met with more courtesy than elsewhere would have been extended to them, or their conduct deserved; he also knew. or had the privilege of knowing, that the memo rial of the last assembly, as already stated, respectfully informs him that Utah wished good men for officers, and that such officers would be cordially welcomed and obeyed, but that we would not again tamely endure the abuse and misrule meted by official villians as were some who have formerly officiated here. Such being a few of the leading facts, what were the legiti mate inferences to be drawn from the rumors that the President had sent a batch of officials, with an army to operate as their possee? he had willfully made the official appointments for Utah from a class other than good men, and placed himself, where tyrants often are, in the a sister in it. HOW DIES VICE PRESIDENT BRECKINGINGE STAND OPON THE KANSAS QUESTION IS AN interragatory we meet with every day in some of our Southern exchanges. They are continually demanding that he should come holdly forward and an nounce what position he occupies or intends to occupy. And it is very natural that Southern men should leel some little solicitude upon this subject, inasmuch as it is an undeniable fact that Mr Breckinridge's name was used to great advantage in the South in the last Presidential caucass, and inasmuch as he was relied upon by Southern men to place a cheek upon whatever free soil prochvines which exhibit them selves in Mr. Buchanan's administration. And forthermore, as Mr. Breekinvidge was greatly in strumental in getting the Kansas Nebraska bill with all its odious features, passed, it is a matter of same interest to southern men to know what con struction he gives to the hill of which Douglas was the originator, and of which he, (Breckinridge. was the principal advocate. It is well known it Kentucky and throughout the South that, during the time consumed in perfecting and passing the Kansas bill, and, in fact, since Mr. Breckinridge's first debut upon the political theater, that gen tleman and the Little Giant of the North have teen warm personal and political friends; so much so, indeed, that it has been frequently said and more frequently thought, that in proportio: as the political fortunes of one was in the as cendant, just so would the other triumph. Under all these circumstances it is very natural that an inquiry should suggest itself to a thoughtful mind as to whether or not Mr. Breckinridge in terpreted the Kansas bill and the Ciucinnati plat form in the same manner that they have been coustrned by his confidential and advising friend or whether, understanding them in the same way he will now stand by or desert the platform upon which he was elected to the position he now oc cupies. And, moreover, it is natural that those who elected him should desire and demand some expression of opinion from him, either pro or con in order that they may know how to act in future

But we must confess that we, for one, have giv en ourselves but little trouble upon this subject and other southern editors are exciting them selves to little purpose in endeavoring to draw Mr. Breckiuridge out We would tell them that leave the field of battle until they have acquired triot. they are using their time and space and exhaust. new laurels and covered themselves and their ing their ingenuity in vain. Just in propor tion as an American strove to do his whole duty to the State as a legislator, and in proportion as he cast into the shade the Democrats who surrounded him, just so was he reviled and denounce ed by the cur dogs of Sag-Nichtism, who, not possessing sense enough to reason or to discuss principles, contented themselves with barking at the heels of individuals. Of all the American members of the Legislature no one was more the talented Senator from Shelby and Spencer counties. His devotion to American principles and his fierce rebakes to demagogueism wherever it showed itself brought down upon his head a flood of billingsgate, which he, however, could well afford to despise. There has not been for years a more zealous advocate of true principles in the Legislature than Mr. Whitaker. For lose attention to business he was not excelled by any one. His personal friends and constitu uts may well be proud of him, and old Shelby will honor herself by cherishing him. We know of no truer patriot, nor of any one in whose bos on there beats a heart swelling with emotions which honor mankind more than does that of Mr. Whitaker. There is no such thing as back slid ing about him; firm as a rock, he is also true as steel We only wish that Americanism had many such devoted adherents.

It is to be supposed that if his andience had been larger, his majority would have been proportionately diminished. Mr. Revill, himself, cems to have taken this view of the matter, as it is a noticeable fact that in making out his ap appointments he has avoided speaking on public days, when the people might reasonably be sup posed to congregate in the county-towns in large

A PATRIOTIC LETTER .-- Upon the occasion of the inauguration of the statue of Washington at Richmond, Va., on the 22d ult , Mr. Fillmore, in response to an invitation to be present, sent the

following letter: BUFFALO, N. Y., Feb. 1st. 1858. GENTLEMEN: -- I have the honor to acknowl dge the receipt of your letter of the 15th ult nviting me to be present at the elevation of the Statue of Washington to its position on the Vir ginia Washington Monument," in the city of Richmond, on the 22d day of February, instant, and regret exceedingly that my engagements are such as to deprive me of the pleasure of accept

ng your invitation.
Your State is justly entitle to great credit to erecting this noble monument to her peerless son as tribute of gratitude to his memory. But the ame of Washington is more enduring than mon amental brass, or scu'ptured marble; and when that proud pile of granite shall have crumbled to dust, and that beautiful bronze statue with which t is crowned shall be exhibited as un aucier relic in some future museum, the name of Wash rightest page of his country's history. Surely, hen, nothing which I could do or say could add o this undying fame; but, nevertheless, I should ejoice to testify, by my presence ou this inter esting occasion, my deep veneration and profour

elfish example and prophetic warnings were of threatened; that warning which he left as a pa ternal legacy to his country is slighted, and growing discontent, north and south, cannot fail create anxiety in the breast of every true pa

At a time like this, I should rejoice to meet my countrymen from all parts of this wide spread epublic, at the Monument of Washington rear ed by his own native State, and there, upon that acred altar, as children of your revolutionary sires, pledge for ourselves "our lives and our sa cred honors," to maintain this government, and to frown indignantly upon the first dawning of ny attempt to alienate any portion of our coun from the rest, or to enfeeble the sacred ties hich now link together the various parts '

I beg of you, gentlemen, to accept my grateful hanks for the honor you have done me by deem ng me worthy of an invitation to he present o his interesting occasion; and permit me to sub scribe myself

Your friend and fellow citizen MILLARD FILLMORE.

MARYLAND AGRICULTURAL COLLEGE .-- This institution is now completely organized by the choice of a Board of Trustees, consisting of tions of the State. Its permanent site has been selected on the estate of C. B. Calvert, Esq., seven miles from Washington, near the line of the Baltimore Railroad. Mr. Calvert is chosen and the position every way eligible for such a purpose. No mention is made of the number of cres embraced in the purchase, or the price paid per acre.

On condition that \$50,000 was subscribed and ecured by individuals, the State authorized its organization, and appropriated \$6,000 per annum for an indefinite period, for the permanent sup-port of a Board of Instruction.

The State of Maryland has recently received nto its Tre isury \$275,000 for interest due of advances made to the General Government in the war of 1812. By previous legislation, the find is pledged to purposes of education. The American Farmer, published at Baltimore, ear nestly advocates the appropriation of \$100,000 of this fund to the Agricultural College. Should that grant be made, the Maryland College will probably be opened in about one year with 200 or 300 students. Enjoying the superior facilities of its location, sustained by enthusiastic and public spirited citizens, the payment of Profes sors secured by a permanent endowment, we can

not perceive how it can fail of success. e are proud to perceive, in numerous notices of this and kindred enterprises in other States particularly New York and Pennsylvania, that the example of Michigan, in establish pioneer institution of the kind, is regarded with unbounded admiration in every locality, and by resses of various sects and parties. The establishment of our Agricultural College, is thus regarded abroad as an act of bold and sagacio tatesmanship, worthy of our age and country.

CHRISTMAS AMONG THE UTAH SOLDIERS .- The ! correspondent of the N. Y. Tribnne, writing from amp Scott, Utah, Jan. 2d, says:

Christmas and New Year's day have been cel christinas and New Year's day nave been cer-brated by the army with as much gayety as i-we were in cozy cantoniuents, instead of under-canvas roofs. The mornings were devoted to the discharge of holiday courtesies, by calls upon all the holies and the principal civil and military officers. On Christmas eve, the non-commission ed officers of the 5th Infantry united to give a oall, and New Year's eve was celebrated by ou-commissioned officers of the 10th in the same manner. The ball room of the later was onstructed from five large hospital tents, and was decorated in good taste with flags and bunt-ing. At midnight the regimental bands made a tour through the civilian settlement and the camp, erenading Col. Johnson, Col. Waite, Col. Alex ander, Gov. Cumming, Judge Eckels, and all the adies who accompany the army. The utmost good order prevailed, and not an arrest was made for breach either of civil or military deco

There was a very welcome arrival a few days igo, of 1,000 pounds of salt from Fort Laramie The quantity dispatched from that post was 3,000 ounds, but many of the pack mules perished in the snow at the Rocky Ridge, only 16 out of 45 reaching the camp. The remainder of the salt

was cuched on the ridge.

All our wood has now to be hanled nearly two niles to the tents, and principally by hands. ringe of cotton wood trees along the Fork has en very much thinued for more than a mite North and an equal distance South of the camp, only so much of it being left as is necessary to shelter us from the winds that sweep along the

Years ro'led away, and the stranger was seen Jerusalem. He was a meek unassuming man, whose happiness seemed to consist in acts of beevolence to the human race. There were deep aces of serrow on his countenance, though no one knew why he grieved, for he lived in the oractice of every virtue and was loved by all the good and wise. By and by it was rumored that he stranger worked miracles; that the blind saw, the damb spoke, the dead leaped, the ocean moderated its chafing tide; and the very thunders ar ticulated, he is the son of God. It will be devoted to General Interature, Politics, Agriculture, the Arts and Sciences, News, and especially to the promotion and advancement of the local and general interests of the town and county, and those adjacent. No pains or exertion on our part will be intermitted to secure due consideration for all local enterprises, that may be calculated to advance the general weal of the community.

An earnest effort will be made to render it a valuable family newspaper, acceptable to all parties, combining a variety of interesting and lustractive subjects in its columns. Having had considerable experience in the business, and being practically lamiliar with its mechanical duties, we luduige the hope that we shall be enabled to subserve to some extent, the interests to which the "Free Press" will be dedicated.

American Political the present time, may be said very justify, to be in a chrysalis state. We do not design, in this Prospectus, to enterthe domain of speculation. It is not necessary to the present purpose, or to define our political position. This may be defined very briefly. We are conscientiously opposed to the prestices and the precepts of Modern Democracy. We regard the Democratic party, as now constituted, essentially an alien party; and consider its aims and purposes, as avowed by its organs, practiced by its leaders, and developed in the present administration, pregnant with evil to the Union, in violation of the plain injunctions of the early fathers, and disastrous to American Nationality. We recognize in the "Address of the American Party," promulgated at the Louisville Convention, a political creed, eminently national, eminently soft that organization may be found the panacea for many, it uot all the po

Tio all persons afflicted with Sexual Diseases, such as SPERMATURRHŒA, SENINAL WEAKNESS, IMPOTENCE, GONORHŒA, GLEET, SYPHILIS, the Vice of ONANISM, or SELF-ABUSE, &c., &c.

The HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Cousulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty, to FURNISH MEDICINES FRER OF CHARGE. It is needless to add tha the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resoived to devote themselves, with renewed zeal, to this very important but much despised cause.
